Esperance

Back. Look - E. Cracknell, Geelong.

S.

30th May, 1938.

COPY.

Dear Sir,

Arising from a report submitted to me by an officer of this Department, I now certify that the bacteriolytic tank installed at your premises has been constructed in accordance with approved plan and specification.

This certificate is given in accordance with the provisions of "The Public Health Act, 1935".

Yours faithfully,

B. M. CARRUTHERS
(B. M. CARRUTHERS)
DIRECTOR OF PUBLIC HEALTH.

Mr. E. Cracknell,

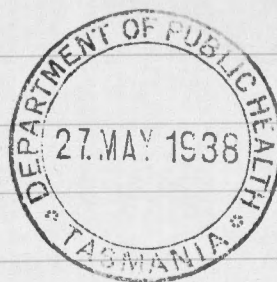

GEEVESTON.

Forwarded for the information of the Secretary,
Local Authority, Geeveston.

E. J. TUDOR
SECRETARY FOR PUBLIC HEALTH.

The Director,
of Public Health.

Hobart.

27. 5. 1938.

re Inspection of Bacteriolytic Tank at residence
of Mr. E. Cracknell at Greenvale.

Sir,

I beg to report having on the 24th inst. visited Greenvale, and inspected the above tank which was installed in October last.

The tank is functioning correctly and has been installed in accordance with plans approved by this Department.

It is recommended that the certificate
} required under the provisions of the Public
} Health Act 1935 be issued.

Yours obediently,
A. H. Parker,
Health Insp.

27/5/38

C.

19th October, 1937.

Dear Sir,

I am in receipt of application from Mr. E. Cracknell for permission to construct a bacteriolytic tank on premises occupied by him at Geeveston. This installation is approved, in accordance with the provisions of "The Public Health Act, 1935".

On the next occasion that an Inspector of the Department is visiting the district, it will be ascertained if the tank has been constructed in accordance with approved plan and specification. Upon receipt of a favourable report, the certificate required by the provisions of the Act will be issued. In the meantime, the tank may be placed in commission.

Receipt for fee of 5/- is enclosed, together with one copy each of plan and application form.

Yours faithfully,

B. M. CARRUTHERS

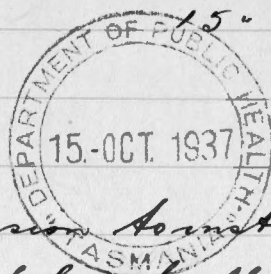

(B. M. CARRUTHERS)
DIRECTOR OF PUBLIC HEALTH.

The Director,
of Public Health

Hobart

re Application for permission to instal
a Bacteriolytic Tank - Mr. C. Fracknell, Geareston

Sir,

I beg to report having examined sketch plan
and application as submitted in connection with the
above proposal.

As the soil for disposal of effluent
from tank is stated to be of a porous nature, and
the water supply for flushing purposes is from
the permanent scheme recently installed, it is
recommended that the application be approved.

Yours obediently,
H. H. Parker.
Health Insp.

2268
